www.marlexpharm.com

At Marlex Pharmaceuticals we are dedicated to forming deep relationships with our customers and business partners as well as creating strong value throughout the supply chain. We encourage you to know us as a company, partner, supplier, employer or customer.

Distribution

Marlex consolidates product orders from hundreds of manufacturers through our pharmaceutical supply chain business into pharmacy, specific deliveries for retail, hospital and alternate site customers. We have been at the forefront of pharmaceuticals distribution by anticipating customer needs, investing in the resources to meet those needs and delivering consistently and reliably.

Our great services have earned the trust of thousands of independent retail pharmacies that depend on our distribution potency.

Packaging

Marlex's packaging department employs fully automated filling, sealing and labeling equipment, it has the capability to do heat induction foil and shrink tunnels for outer safety seals.

Our packaging supervisor and the director of quality assurance ensures optimum efficiency of product automation and labeling. In order to protect against any damage that may occur from the environment during transport and handling, we make sure to package each product in the safest and most appropriate manner.

Manufacturing

Our mandate is to manufacture your products in an adaptable way that allows you to best execute your plan and meet your desired objectives.

Government entities and third party quality organizations routinely review our manufacturing facility. Such reviews make sure that our manufacturing infrastructure processes and testing capabilities are of exceptional quality and compliant with relevant regulations. No matter how challenging, Marlex Pharmaceuticals has earned a well deserved reputation for manufacturing agility and reliability.
